## COHESIVE BANDAGES

**FOR HOOF BANDAGES**

### **BIODEGRADABLE PEDI-FLEX BANDAGES**

**ART. 144305**

Degradable cohesive bandage, which retains the properties of good elasticity, ease of tearing and great adhesive properties. Ecological, it dissolves over time, leaving no trace. Perfect for various applications, from wound protection, to keeping dressings in place to support during hoof care treatments.

**VETERINARY USE ONLY**

WIDTH 10 x 4,5 MT

BOX 12PCS

CARTON 144PCS

## PEDI-FLEX BANDAGES

Widely used adhesive bandages due to their self-adhesive practicality and perfect fit. An ideal substitute for traditional bandages, it can be applied in veterinary care with fixation and wrapping, for foot treatments and sports protection. It does not cause adhesive sensations on the hands, does not cause side effects on the skin, does not have any conglutination with the coat of animals.
